Compliance & Internal
Investigations

Corporate Advisory

ESG & Sustainability

IP, Media & AI

Venture Capital & Growth Equity

Anita Kritsos advises both international and domestic client companies on the legal aspects of the development, protection and commercialisation of innovative products and services, such as artificial intelligence. She also advises clients on the assessment and development of corporate governance and compliance functions, often in connection with sustainability-related matters.

In addition, Anita Kritsos has experience in the field of M&A. She works actively in technology intensive transactions, advising in various technology related issues in the execution of transactions as well as broader M&A related work.
