REPRESENTATIVE CASES

D&I represented a Dutch LNG supplier in international energy arbitration under the FAI rules

We represented a leading Dutch LNG supplier against a Finnish publicly owned energy company in cross-border multi-million euro arbitration proceedings under the FAI rules in a contractual dispute relating to terminal services.

Appeal by electricity DSOs regarding the Energy Authority's regulatory methods

We represent Finland's largest electricity distribution system operator Caruna in demanding Market Court proceedings concerning an appeal against new regulatory methods set by the Finnish Energy Authority.

Dispute on the construction of a solar power plant

We advised the purchaser against the supplier in a disagreement concerning the construction of a turn-key solar power plant, particularly focusing on issues relating to non-compliance with regulatory requirements and agreed specifications as well as cost overruns.

10 MEUR post-M&A arbitration on the acquisition of an electricity sales company

We represented a Finnish energy corporation, electricity network operator and electricity provider, its group companies and its contractual parties in post-M&A arbitration proceedings under the FAI rules.

ICC arbitration on the distribution of pharmaceuticals

We represented the Finnish subsidiary of a global pharmacy giant in their arbitration proceedings under the ICC rules of arbitration, the dispute concerning an international distribution agreement.
